My Crush by A.N.T. Farm movie
His name is written over my heart

Like he fell from the stars

And when he says hello I can't deny

That I want him to be mine

He's the sweetest kind of guy

The sweetest kind of guy

The more I get to know him

Well the more I cannot hide

And he's on my mind every single day

Hope he never goes away

My crush has got to be the real thing

I love how good that I've been feeling

I'm dreaming head over heels and

Over my crush, my crush, my crush
