I see you look around
You're staring, staring out to sea
I feel them pulling down
You touch my hand, it all goes away
Don't hear a single sound
But I feel your breath in front of me
With every kiss, I drown
I feel my body fading to dreams

I don't mind
And I don't care
And I'll do fine
I know you're mine
I can't believe I feel this way
I've got the spirit inside me
I know it can't be, can't be wrong
I know it keeps me...

I see you look around

You're staring, staring out to sea
I feel them pulling down
You touch my hand, it all goes away
Don't hear a single sound
But I feel your breath in front of me
With every kiss, I drown
I feel my body fading to dreams

I don't mind
And I don't care
And I'll do fine
I know you're mine
I can't believe I feel this way
I've got the spirit inside me
I know it can't be, can't be wrong
I know it keeps me, keeps me strong
