This story won't have a happy ending. Happy endings
are for stories that
Are finished. This won't end quickly. You won't enjoy
this. I'm fed up with
Who you are. Generic to the sight. Cliche ideals spew
from you. You need to
Think for yourself. Parade around like you own the
world. Embrace your
Ignorance. Cause you will learn. We all will learn. We all
will learn. I'm
Fed up with who you are. Generic to the sight. Cliche
ideals spew from you.
You need to think for yourself. My little sheep. Don't
fool yourself into
Thinking you're not like sheep. Don't fool yourself into
thinking you're
Not like sheep. My little sheep. Don't fool yourself into
thinking you're
Not like sheep. Don't fool yourself into thinking you're
not like sheep. My
Little sheep. Don't fool yourself into thinking you're not
like sheep.
Don't fool yourself into thinking you're not like sheep.
My little sheep.
Don't fool yourself into thinking you're not like sheep.
Don't fool
Yourself into thinking you're not like sheep. My little
sheep. Don't fool
Yourself... Parade around like you own the world.
Embrace your ignorance.
Cause you will learn. We all will learn. We all will learn.
I'm fed up with
Who you are... Generic to the sight... Cliche ideals spew
from you... You
Need to think for yourself... But who are you fooling.
Your fake identity
Will be your grave. This will be your grave. This will be
your grave. This
Will be your grave.
