Everything I say and do and think  
You seem to disagree  
Admit it, babe  
Everything you needed to be happy  
Was a mystery  
I didn't get it babe  
They say that opposites attract  
I don't know about that  
I don't wanna be the one to tell you  
That you've lost your mind  
'Cause so have I  
You don't have to be the one  
To tell me that I'm outta line  
My perfect Valentine  
They say that opposites attract  
I'm not sure about that  
One more night of shouting  
One more broken glass  
If we could see ourselves  
Through someone else's eyes  
Even we would laugh

Maybe there's a way we can accomplish

The impossible

You never know

All that it would take is just

An ordinary miracle

Even though

They say that sometimes you just snap

And you can never get it back

They say that opposites attract

We'll have to see about that
