There's some things you say that make me want to die  
There's some times you make me feel like I'm living a  
lie

They gave me capsules to take for this pain  
That you've created inside me  
It's not a surprise, your words marked a stain  
A stain that's soaked into my body  
Only you can make it fade away  
But this is one game you have to play

It's killing me, it's haunting me  
There is a venom inside me  
It's tearing me down, it's soaking me up  
There is a venom inside me...  
...And it's hidden where you can't see

The light from outside, shines through my window  
pane  
And the sun is out, yet there's still pouring rain  
Take a look, you never know what you might find  
Out there is something that you could use  
For the good of mankind  
Things didn't work out that way for me  
And you're just too blind to see...  
... The venom inside me

It's killing me, it's haunting me  
There is a venom inside me  
It's tearing me down, it's soaking me up  
There is a venom inside me...  
...And it's hidden where you can't see

... You're just too blind to see...  
... The venom inside me...  
Once I find you, I'll drive you crazy...  
... With the venom inside me!

It's killing me, it's haunting me  
There is a venom inside me  
It's tearing me down, it's soaking me up  
There is a venom inside me...

...And it's hidden where you can't see
