I think you just forgot to tell me why, Why I was fading
out again, Why my mask of
Sanity was slipping off again, my friend Beware of
hatred when your time stands still

Chorus

Like the average stalker, Forge to forgive, Like the
average stalker

I'm just sliding, disappear into the night like a strange
and forgotten light, One, two,
Three and I'm at your door, Calculating infinity, In my
silence where no one else can hear,
What is right, what is wrong (RIGHT, WRONG) In my
silence where no one else forgives,
Where the sane and insane strikes together as one

Chorus

Where is the fire it makes no sense at all, I'm just
hiding beneath the hour, Disabled
Through affliction I can't reach out Reach out, in my
silence where no one else can hear,
What is right, what is wrong (RIGHT, WRONG) In my
silence where no one else forgives,
Where the sane and insane strikes together as one,
with a violent work of art I proceed,
In this lack of faith I get what I need, What I need!

Chorus

Like the average stalker, Forge to forget, Like the
average stalker, Like a silent talker,
Like the average stalker
