I lick the surface of a freedom ride, Under a
hammering light... I scream!
Let's roll the dice of the future, burning in my hand, I've
built destruction upon the
Velvet skies, Maybe I'm strong, Maybe I'm wrong

Chorus

Lead us, Shadowchild - soiled by your faith in disguise
Shadowside - reflecting the eyes

I'm raising hell, a magic spell, Pain and pleasure
together as one, I will recall, I will
Recall, When I'm down the stairs... I split human cries, I
can feel when they lie, My sun
Being one with the... universe, Hear my call

Chorus

Creating my crown from the millions of lights, I'm
abused beyond recognition, Pre-millennium
Futuristic, I predict you all to live under an individual
sun, We're all out collecting
Our senses and run...

Chorus

Lead us, Shadowchild - soiled by your faith in disguise
Shadowside - reflecting the eyes
Lead us, Shadowchild - the truth's lying far from your
life
Shadowside - reflecting the eyes
