If love was money, I'd be in debt
If there's an easy way in, I haven't found it yet
I got nothin' in my pocket, I been payin' my dues
I been trying to shake this shadow, but it's hard to lose

Hey!

You gotta make the first move (Make the first move)
You gotta make the first move (Make the first move)
You can't place your bet if you got nothing to lose
You gotta make the first move

I been feelin' broken, I been feelin' abused
I got my feet on the door, I got my neck in the noose
If I wanna get out, I know just what to do
I can't get anywhere until I make the first move

Hey!

You gotta make the first move (Make the first move)
You gotta make the first move (Make the first move)
You can't place your bet if you got nothing to lose
You gotta make the first move

I'm gonna book a ticket for a one-way trip
I gotta get outta town to try to get a grip
No matter where I go, it's all the same
Just another town, another game

Hey!

You gotta make the first move (Make the first move)
You gotta make the first move (Make the first move)
You can't place your bet if you got nothing to lose
You gotta make the first move

You gotta make the first move (Make the first move)
You gotta make the first move (Make the first move)
You can't place your bet if you got nothing to lose
You gotta make the first move
