This is love. Love is blind

And true love is hard to find

It Makes you wonder now yesterdays news

At the bitter end of a love affair: some you win some
you loose

'Cause love is blind

Love is blind

This is time To heal the pain

And sooner or later is back again

And don't be angry that your heart could be so wrong

When all of your many feelings got to sing the same
old song

'Cause love is blind

Love is blind

Now Is time for parrying

For the nights Sleep alone

Makes you wonder why you ever learn from the past

'Cause this ain't the first time baby and it won't be the
last

'Cause love is blind

Love is blind

love is blind

Love is blind

So is love, Love is blind

And true love, so hard to find

There is only one remedy to take away the pain

You gotta roll in the punches, baby, score all over again

'Cause love is blind

Love is blind

Love is blind, Love is blind, Love is blind, Love is blind

Love is blind, Love is blind, Love is blind, Love is blind

Love is blind, Love is blind, Love is blind, Love is blind

Love is blind, Love is blind, Love is blind, Love is blind
