Verse 1

Black magic woman put a spell on my eye
That body moving
Girl you got to be mine
All mine

Well I confess
I'm not impressed
With all the rest tonight
It's only you
It's only you that I like

Pre-chorus

She makes me beg for more

Oh oh oh oh

Chorus

Baby have mercy on me
Why don't you tell me your name?
They say you're out of my league
But you've been driving me crazy
Maybe lady I've got something you need

Oh oh oh oh oh

Have mercy on me
Mercy mercy mercy

Verse 2

I'm right behind her
With my hands on her hips
She's sending signals
Does she want something more from this?

Infatuated, captivated
You're my only wish

If only I
And if only I could resist

Pre-chorus

She makes me beg for more

Oh oh oh oh oh

Chorus

Baby have mercy on me
Why don't you tell me your name?
They say you're out of my league
But you've been driving me crazy
Maybe lady I've got something you need

Oh oh oh oh oh

Baby have mercy on me

Bridge

I've been thinkin'
I've been waitin'
For something to happen
Cause baby I'm here
And I want all the things
That you got
And I need
And I beg

Baby please have mercy on me

Pre-chorus

She makes me beg for more

Chorus x2

Baby have mercy on me
Why don't you tell me your name?
They say you're out of my league
But you've been driving me crazy
Maybe lady I've got something you need

Oh oh oh oh oh

Baby have mercy on me
