come on baby say my name
well do you want to play a game
it feels so good it's almost pain
and every time is always the same
it could make a man insane
well baby that's okay, that's okay
you're the reason i want to sing
you make me feel like a king
i love the sunshine that you bring
i think i'll buy you a diamond ring
a diamond ring
baby baby say i do
and i'll spend my life with you
baby lay down by my side
baby don't you look divine
the way you smile should be a crime
you do it to me every time
it's a feeling that no one could deny
baby tell me why
tell me why
