no time left now for shame, horizon behind me, no  
more pain

windswept stars blink and smile, another song, another  
mile

you read the line every time, ask me about crime in my  
mind

ask me why another read song, funny but i bet you  
never left home

chorus: on a good day, it's not every day, we can part  
the sea

and on a bad day, it's not every day, glory beyond our  
reach

seconds until sunrise, tired but wiser for the time

lightning 30 miles away, three thousand more in two  
days

(chorus
