Hey, you didn't show up today. Maybe
It's better this way, cuz baby, you've
Got your own life you should live it.
Ooh, if you only knew, every single
Thought I thought of you, I've done all
I can do. I swear it's the truth.

So, you're leaving. You turn your back
And walk away, won't listen to a word I
Say, I'm breaking for you. Calling out
To you, at the top of my lungs. I've
Waited for you. The waiting is done.

Now, what about first love? What about faithfulness?
Cuz baby, you're just
About to break it.
You, should take a few steps back. What you need I
already have. Dead and
Dying love, we could be more than that.

So, you're leaving. You turn your back
And walk away, won't listen to a word I
Say, I'm breaking for you. Calling out
To you, at the top of my lungs. I've
Waited for you. The waiting is done.

Spoken:

I know my tone is matter of fact and I'm guilty of being
too direct, but
Please come back. Please come back.

So, you're leaving. You turn your back
And walk away, won't listen to a word I
Say, I'm breaking for you. Calling out
To you, at the top of my lungs. I've
Waited for you. The waiting is done.

I died for you, so we could be one. Right now we're two,
separate sides,
Fighting for what? Who knows, do you? You're running
away, but the desert
Stretches for miles that way. I'm breaking for you, I'm

breaking for
You...
