Treated since I've been in love
too more since I've been alone
where they follow long heart,
but forever never came alone.
..and help me close,
Or clapped the chance my..alone, alone.
You're cool, but I cannot give you
but I do not all 'cause I still that..

Chorus:

It may take a little time,
so I was wondering if you would wait for me.
I'm not tryin' to make you pay for his mistakes
so I was wondering if you would wait for me.
It may take a little time
so I was wondering if you would wait for me
but I've been through might get in away from me,
and I'm not tryin' to push you away
so would you wait for me.

Three months since I've met you,
three months since you've been around
never ever had to question,
never ever had to doubt
that you've been so good boy you deserve it
my heart to hold I know you worth it,
if you could wait a little while 'cause
a previous it's not..

[Chorus:]

I can't do it, I don't wanna rush into it,
I can't push you thought it, when I know it's not you..
girl I still dream, left gone my heart.
and I just can't give you my heart
I'll give you all you want
and more much time did you the..but me

[Chorus:]
