You keep me standing straight in my front
I still understand such a scene
Every dance we hope we can go everywhere
Yeah

I keep you standing straight in your front
You will understand such a scene
Every dance we hope we can go everywhere
Yeah

So many things do happen in your life
But you don't need to worry about them
If you go to once I just hope you
I won't like you find you for my friend, my friend

I'm your friend
I'd like to see you again
I'd find you because you're my friend
Come back here
Let's upset the world
I'd find you because my friend
My friend

You keep me standing straight in my front
I still understand such a scene
Every dance we hope we can go everywhere
Yeah

So many things do happen in your life
But you don't need to worry about them
If you go to once I just hope you
I won't like you find you for my friend my friend

I'm your friend
I'd like to see you again
I'd find you because you're my friend
Come back here
Let's upset the world
I'd find you because my friend

I know you used to call me my friend
I know you used to call me my friend

Go!
I know you used to call me my friend
I know you used to call me my friend
I know you used to call me my friend
