I'll take away the score
Settle this the way that you want to
I hope that's enough
(And if it's not)

I'll sink down to the level that you're perched on
And that'll be the end of it
End of story
(Oh and)

There was something I forgot to say
I'll take a rain check for you
I'll find another day

And contrary to popular belief
I'm not ready, you're not ready
You might have been the only island to save me
I'll tread water, you're not my rescue

Then who? You might ask in confusion
I've got it in me, I've got it in me to swim

I'll take away the score
Settle this the way that you want to
(Settle this the way)
I hope that's enough
(And if it's not)

I'll sink down to the level that you're perched on
And that'll be the end of it
End of story

You're not my rescue
You're not my rescue
Oh and

There was something I forgot to say
I'll take a rain check for you
I'll find another day

And contrary to popular belief
I'm not ready, you're not ready

You might have been the only island to save me
I'll tread water, you're not my rescue

Then who? You might ask in confusion
I've got it in me, I've got it in me to swim

Whoa-oh-oh-oh
You're not my rescue, you're not my rescue
Whoa-oh-oh-oh
You're not my rescue, you're not my rescue
You're not my rescue

There was something I forgot to say
I'll take a rain check for you
I'll find another day

And contrary to popular belief
I'm not ready, you're not ready
You might have been the only island to save me
I'll tread water, you're not my rescue

Then who? You might ask in confusion
I've got it in me, I've got it in me to swim

You might have been the only island to save me
I'll tread water, you're not my rescue
