will I ever love you.. again?
will we be together.. again?
though the love we had was strong
you tell me what's wrong
what did we go wrong? (heba)
will I will I will I
will I will I will I
will I ever love you.. again?
will we be together.. again?
though the love was strong
you tell me what's wrong
what did we go wrong?
will I ever love you.. again?
will we be together.. again?
though the love we had was strong
you tell me what's wrong
what did we go wrong (Heba)
