Get me out! Get me out!  
Heaven can't handle you quite like I do  
Get me out! Get me out!  
Heaven can't handle you quite like I do  
Stay close I'm your protection  
Get me out! Get me out!  
Let me show you the life

I will come  
Breathe tonight  
I will come  
I will

Whether we live or die just remember I'll be alright on  
the other side  
Whether we live or die just remember I'll love you  
forever  
Forever  
Forever

I've been waiting for you  
Let us settle this here  
Yeah!  
As you open your eyes  
Oblivion sets in  
The revolution caved innn

Rise! Up on your feet girl  
The world awaits your smile  
Rise! Up on your feet girl  
Your feet girl

Whether we live or die just remember I'll be alright on  
the other side  
Whether we live or die just remember I'll love you  
forever  
Forever

Rise! Up on your feet girl  
The world awaits your smile  
Rise! Up on your feet girl

Did you think you were better off this way?  
Running off with all the things you said to me  
Did you think you were better off this way?  
Running off with all the things you said to me
