There was a time when I was all
All that you needed
And now it's gone, is that it
And are we now just strangers
And are we now just strangers

[Chorus]
After all that
Now that it's over
Do I mean nothing to you
And after all that
Now that it's over
It seems it's not enough to love me

The absence I feel, it overwhelms me
But you don't seem to notice
You ran away, there's so much space
There's miles and miles between us
There's miles and miles between us

[Chorus]
After all that
Now that it's over
Do I mean nothing to you
And after all that
Now that it's over
It seems it's not enough to love me

Hey, I heard someone say that you hurt
I heard you complain that you hurt
I'm not here to save your pain if you hurt
If you wanna save somebody, save yourself

[Chorus]
After all that
Now that it's over
Do I mean nothing to you
And after all that
Now that it's over
It seems it's not enough to love me

[Chorus]
After all that
Now that it's over
Do I mean nothing to you
And after all that
Now that it's over
It seems it's not enough to love me
