We got out just in time, half alive
My best friend, go your way, I'll go mine
It's hard to read how we were in black and white
It's hard to hear sorry words, see sorry eyes

[Chorus]

Have a little faith in a soul like me
I'll be the same in your company
Oh, ah, ah, oh
I'll be around whenever you like
I feel we are from a lost time
Oh, ah, ah, oh

We woke up days too late to change a thing
My best friend, all things end for things to begin
It's hard to keep what once was yours when it's not
It's hard to be here for you when we're lost

[Chorus]

Have a little faith in a soul like me
I'll be the same in your company
Oh, ah, ah, oh
I'll be around whenever you like
I feel we are from a lost time
Oh, ah, ah, oh
Oh, ah, ah, oh
