Don't wanna hide, don't wanna run
I seem to stay, taking the fun
Over and over, again and again

There's nothing you don't seem to fight
Can't take the wrongs, won't take the rights
Over and over, again and again
Over and over, again and again

[Chorus]

Take a step back so you can see
There's nobody here who cares about you
The same way as me
Take a step back so you can see
Over and over, again and again

Don't wanna hide, don't wanna run
Not calling quits, won't say it's done
Over and over, again and again
Over and over, again and again

[Chorus]

Take a step back so you can see
There's nobody here who cares about you
The same way as me
Take a step back so you can see
Over and over, again and again
Over and over, again and again

I wanna be heard, but you don't hear me
I've been trying to show you, but you don't see
You run around in your circles
Will that circus let you be

[Chorus]

Take a step back so you can see
There's nobody here who cares about you
The same way as me
Take a step back so you can see
There's nobody here who cares about you
The same way as me

[Chorus]

Take a step back so you can see

There's nobody here who cares about you

The same way as me

Take a step back so you can see

Over and over, again and again

Over and over, again and again
