Why don't you stay a while
I just wanna know you
After the crowd goes home
Let me get to know you
Maybe if we're alone
I could get to hold you
Maybe we'll get along
Lucky to have met you

[Chorus]

No matter what comes, keep holding me close
No matter where the wind blows
Maybe we'll fall in love

Ooh, ooh

Summer time feeling good
With your arms around me
I know you feel it too
Loving you is easy
Feels like this is the one
I never see it changing
And we've only just begun
It's only in the making

[Chorus]

No matter what comes, keep holding me close
You fill all of my days and all of my nights
No matter where we are, be by my side
How'd I get so far, where you been all my life
No matter where the wind blows
Why don't we fall in love

Ooh, ooh
Ooh, ooh

Now that it's been a while
Don't wanna be without you
Hold me, don't let me go
I don't wanna lose ya
'Cause when you're not here

Always gonna miss ya
So glad it's you and me
Let's do this forever

[Chorus]

No matter what comes, keep holding me close
You fill all of my days and all of my nights
No matter where we are, be by my side
How'd I get so far, where you been all my life
No matter where the wind blows
Why don't we stay in love

Ooh, ooh
Ooh, ooh
Ooh, ooh
Ooh, ooh
