Do You Remember The Night That We First met?
You Were Sitting By Yourself, And I Remember
Your Hair, Your Dress, Your Eyes
The Way You Looked At Me With That Smile
I Hope You Do Cause' I Remember
I Said I Loved You And You Said It Too, I Said I Loved
You.

If I Go, Will You Go With Me Even If I Left Tonight?
And Leave It All Behind
We Can Build This Life Together If You're Ready
I Never Knew Love Was Spelled With You And I

Will You Remember The Things That We Have Done
When We Are Old And Gray?
Oh By The Way, You Look Beautiful Tonight
Let's Throw Caution To The Wind
We'll Act Like Kids Again
Make It A Night To Remember
I Said I Loved You And You Said It Too, I Said I Loved
You.

If I Go, Will You Go With Me Even If I Left Tonight?
And Leave It All Behind
We Can Build This Life Together If You're Ready
I Never Knew Love Was Spelled With You And I

If I Go, Will You Go With Me Even If I Left Tonight?
And Leave It All Behind
We Can Build This Life Together If You're Ready
I Never Knew Love Was Spelled With You And I

I Said I Loved You And You Said It Too, I Said I Loved
You.
