Refer me please, to someone
Can you try to point me the right way
As I see you can't tell if I find
Can you find someone to help me

I'm waiting, you're losing me to other major finds
Can you help me find my mind and I don't have much
time

To help me out,
I'd be so giving so understanding
So as of now you've yet to prove me wrong
So prove me wrong attention to you now
What's wrong is everywhere I see this now
Cause I can't see this...
