Went from a dream to the young supremes Searching
for a destiny that's mine
There's another place another time
Touching many hearts along the way yeah
Hoping that I'll never have to say
Boy I love you but I gotta let you go

Chorus :

Everyday in my mind is confusion
Thoughts of you bring illusion
Trapped in a world only you get in
My minds playing tricks on me again

Daze in my mind is confusion
Thoughts of you bring illusion
Trapped in a world only you get in
My minds playing tricks on me again

Follow your emotions everywhere
Is there really magic in the air
Never let your feeling let you down
Open up your eyes and look around
Boy I love you but I gotta let you go
Chorus

Can it be a picture in my mind
Never sure exactly what I'll find
Only in my dreams I turn you own
Here for just a moment then you're gone

Chorus

(Pras) I don't write love song
Leave it up to Luther Vandross
How I choose to live you don't wanna know the course
I pay to be the boss hear it straight from the source
Fortune 500 is how I like to gloss
Hot shot koni style joyride
Blowing candles in the wind like princess Di
Could that be, mom tell me how you really like it

We can fly high I be your co-pilot

Hey yo, back to the girl with all the razamatazz

Hey yo, I love you shorty

You talkin all that jazz

Boy I love you but I gotta let you go

I know you want me, but you play me like the lotto

Use and abuse me so there won't be no friction

I gotta leave I can't be in this illusion Repeat chorus till
end
