When we drove down that highway  
I tried to keep the feeling of your hand  
On our last day  
I felt sick and you were shaking right beside me  
Oh I never felt so lost like I felt on that plane  
A million miles away

But I know that I'm gonna be there for you  
This is hard  
But if it's meant to be  
I'll get through

So I pretend to be alright yeah  
But nah I don't know  
It's just that  
I just don't feel right here  
Oh I miss you more  
Than I ever missed anyone else before  
Cuz you're the one I adore  
Even though you hurt me once more

But I'll be back yeah in september  
I can't wait to feel your hands  
On mine again  
And it's not gonna be the last time  
I'll wait  
It's not gonna be the last time  
I've got my plans yeah this is all for us  
It's all for you  
We're gonna live something big  
Everyone else can stay home
