I've got a notion,
Just as peculiar as me.
And it's as strong as a bear but growing more
everyday.
And I've got an inkling,
That this is more than a feeling.
It's beating up all the other ideas in my brain.

I'm talking way too fast for you to keep up
But maybe that's best 'cuz I'm sounding absurd.
But every time that I try just to say how I feel
I can't seem to remember the words.

But darlin'
I've got it bad for you,
And all the crazy sh*t that you do.
Yeah I've got it bad for you.
I'm hoping maybe one day that,
You'll get it bad for me.
Yeah I know one day you'll see...
That baby you got it too.

You've got a freckle,
Just sitting right above your left eyebrow.
Don't worry it's cute, baby you look just fine.
But see I've got this weird spot,
Just sitting right above my right eyebrow.
Go ahead call me crazy,
But I bet it's a sign.

I'm talking way too fast for you to keep up
But maybe that's best 'cuz I'm sounding absurd.
But every time that I try just to say how I feel
I can't seem to remember the words.

But darlin'
I've got it bad for you,
And all the crazy sh*t that you do.
Yeah I've got it bad for you.
I'm hoping maybe one day that,
You'll get it bad for me.

Yeah I know one day you'll see...
That baby you got it too.

Whatcha think about love dear?
Well I've been told that it's not too shabby.
So sick of hearin' bout love darling.
Come on baby why don't you come and give it a-
Come come on baby won't you come over here?
Come on baby why don't you come and give it a ohhhh

I've got it bad for you,
And all the crazy sh*t that you do.
Yeah I've got it bad for you.
I'm hoping maybe one day that,
You'll get it bad for me.
Yeah I know one day you'll see...
That baby you got it too.

You've got it bad, got it bad for me,
And all the crazy sh*t that I say.
Yeah you've got it bad, got it bad for me.
You're hoping maybe one day that,
I'll get it bad, get it bad for you.
Yeah I know one day you'll see...
That baby we got it too.

We got it too
We got it too
We got it too.
