I'm a heavyweight champion.
A mystic mind reader, president.
And I'm your local weather man.
I'm coming to take your trash away.

And I'm that man sleeping in a box.
I'm cutting you off on the 134.
And I'm that girl crying on the show,
That nobody knows is real or not.

I wish that I could tell you, I miss you.
I wish that I could say, I'm sorry.
I wish that I could tell you, please come home.
I wish that I could say, I forgive you.

But I'm following the world one step at a time,
I'm learning everyday how to live this life, of mine.
And I'm following the heart beating in my ribs,
I'm writing every song with words to live, by.
But when it all comes down to it, oh,
When it really boils down.
Yeah when it all comes down to it,
We all learn how to live,
One step at a time.

I'm a funny podiatrist,
And in my mind my words are the best.
And I'm that girl with a hole in her foot,
Who's acting way younger than she should.
Yeah I'm that cat looking like a jester,
And I'm sorry sir but I've got to arrest her.
And I'm that girl who beat up her boyfriend,
I'm calling him back as soon as I'm home.

I wish that I could tell you, I miss you.
I wish that I could say, I'm sorry.
I wish that I could tell you, please come home.
I wish that I could say, I forgive you.

But I'm following the world one step at a time,
I'm learning everyday how to live this life, of mine.

And I'm following the heart beating in my ribs,
I'm writing every song with words to live, by.
But when it all comes down to it, oh,
When it really boils down.
Yeah when it all comes down to it,
We all learn how to live...

So just,
Pick me up
Just pick me up.
We all need a pick me up, sometimes.
Won't you pick me up?
Please just hold my hand.
You know that I'd ask you kindly,
But I can't.

I'm following the world one step at a time,
I'm learning everyday how to live this life, of mine.
And I'm following the heart beating in my ribs,
I'm writing every song with words to live, by.

I'm following the world one step at a time,
I'm learning everyday how to live this life, of mine.
And I'm following the heart beating in my ribs,
I'm writing every song with words to live, by.

But when it all comes down to it, oh,
When it really boils down.
Yeah when it all comes down to it,
We all learn how to live,
One step at a time.
One step at a time.
