Carry me away to mars won't you Carry me away to see
the stars And I, never know just quite what to say when
I'm next to you Fly with me away from here because
You will always be my only dear And You'll never know
just quite what it is that you do to me You don't always
have to be so perfect You don't always have to know
what I'm thing But you do Oh but you do. And I'm
calling in forces Riding on cream colored horses The
distance is a clear view Of me going there with you
Dance with me to silent sounds won't you Be with me
until we're under ground And I, never know just quite
what to say when I'm next to you And holidays are so
much fun Just knowing that I will always be your number
one And you'll never know just quite what it is that
you've done to me. You don't always have to be so
perfect You don't always have to know what I'm thing
But you do Oh but you do And I'm calling in forces
Riding on cream colored horses The distance is a clear
view Of me going there with you Carry me away to
mars won't you Carry me away to see the stars And I,
never know just quite what to say when I'm next to you
Except actually thats not quite true Because I can say
anything when I'm with you And you know what you do
cuz I do it too I do it for you, I do it for you You do it for
me, yeah you do it for me And I'm calling in forces
Riding on cream colored horses The distance is a clear
view Of me growing old with you You lay there next to
me Hearts beating peacefully Talkin' bout what we
wanna be When we grow up.
