Say what you say i just sail away
She can't stand me but i miss her face
I feel like drowning but the tides too low
And now i'm waiting for the undertow
So i

Stand tall it gets a little better
I see the wall that we can break down together
Stand strong it gets a little better now
We can break it down, we can break it

Stand tall it gets a little better
I see the wall that we can break down together
Stand strong it gets a little better now
We can break it down, yes we can break it, we can
Break it down

I can only take so much
The pressure man come to pressure us
They came to watch us fall
Oh yes they came to watch us fall
And we will rise up against them all
So i

Stand tall it gets a little better
I see the wall that we can break down together
Stand strong it gets a little better now
We can break it down, yes we can break it

Stand tall it gets a little better
I see the wall that we can break down together
Stand strong it gets a little better now
We can break it down, yes we can break it, yes we can
Break it down, yes we can break it

Pardon me if i'm too loud i'm gonna sing my song
gonna
Sing it proud, no ones gonna bring me down gonna
stand
Up tall gonna hold my ground
Tell me what are we fighting for, just to do what we

Done before, tell me what are we fighting for.
Pardon me if i'm too loud i'm gonna sing my song
gonna
Sing it proud, no ones gonna bring me down gonna
stand
Up tall gonna hold my ground
Tell me what are we fighting for, just to do what we
Done before, tell me what are we fighting for.

Stand tall it gets a little better
I see the wall that we can break down together
Stand strong it gets a little better now
We can break it down, yes we can break it

Stand tall it gets a little better
I see the wall that we can break down together
Stand strong it gets a little better now
We can break it down, yes we can break it, yes we can
Break it down, yes we can break it
