I walked through city limits

Someone took me by the hand in the blue

Attracted by some force within it

If I could close my eyes,

I could get used to it

Around the corner where a puppet lay

Saw the place where she had a room to stay

A wire fence

where children play

Saw them dance where the body lay

And I was looking for a friend of mine

The car screeched in the sand

and dust

Feel encouraged -

just a car on it's side

Metallic blue turned red with rust

Pulled it close by the buildin's side

In a room for forgotten youth

I could think

or let my senses slide

Turned on to a night with you

Find the place where my friends, won't go

And I was looking for a friend of mine

and I had no time to lose

Yeah looking for some friends of mine

Down the dark street,

the houses looked the same

Stopped and turned around,

held me to a game

I walked round and round,

you nailed me to a tree

Trying to find a way,

trying to find a way, to get out

For twelve windows stand in a row

Behind a wall

where a room to go

The light shined like a neon show

See the deep mellow warmth

of the glow

No place to stop,

no place to go

No time to lose,

have to keep on going

I guess they died some time ago

I guess they died some time ago

And I was looking for a friend of mine

And I have no time to lose

Yeah, I was looking for a friend of mine
