In fear every day, every evening  
It calls here aloud from above  
Carefully watched for a reason  
Mistaking devotion and love  
Surrendered to self-preservation  
From others who care for themselves  
A blindness that touches perfection  
Appears just like anything else  
Isolation - isolation - isolation  
Mother I tried, please believe me  
I'm doing the best that I can, I'm ashamed of the things  
I've been put through; I'm ashamed of the person I am  
But if you could just see the beauty  
These things I could never describe  
This is my one consolation  
This is my wonderful prize
