[ Verse 1: Dizze Rascal ]

Liar liar, pants on fire, you're not gangsta, you're not street

You just make yourself sound gangsta when you're rapping on the beat

You ain't got yourself in no life-threatening situations yet

You're no dealer, you're not balling, you just get yourself in debt

You're a fan of hip hop, wanking when you hear them rappers talk

Love to sit and listen but we know that you don't walk the walk

What's with all the fake aggression, I can see that it's not true

I know killers, I know gangsters, and they never heard of you

You ain't robbed nobody, shanked nobody, you ain't bust no gun

You ain't seen no ghetto action, who do you think you fooling, son?

You should pull your trousers up, you know it ain't your type of look

You're no playa, you're no pimp, I think that you should read a book

And seckle, find yourself a pretty girl and settle

You know that if it's on that you ain't drawing for no metal

I know them rap songs got you thinking you're some kind of g

Well if that's the case, then que sara and what will be will be

Where's the G's? Where's the stars?

Where's the whips? Where's the cars?

Where's that cribs? And where's the yards?

Cause all I see is hype

Where's the dough? Where's the cash?

Where's the hoes? Where's the gash?

Where's the blicks? And where's the mash?

Cause all I see is hype  
Too many moots on the TV  
How many real crooks on the TV?  
All I hear is dead hooks on the TV  
Being real these days ain't easy  
Too many moots on the TV  
How many real crooks on the TV?  
All I see is bare poop on the TV  
Being real these days ain't easy

[ Verse 2: Bun B ]

Well it's big Bun B and I'm back again, talking that shit  
on the track again  
Too many motherfuckers be lying about selling, buying  
and trafficking  
I'm like really though what's happening, you boys talk  
about that crack again?  
Cause we don't believe you, need more people, y'all  
might as well just pack it in  
Show me the paper you're stacking in, show me the  
blocks you got on hold  
Show me your workers, show me your shooters, lemme  
see the neighborhood you control  
Lemme see if you a boss, and if motherfuckers is  
scared of you  
And if somebody trying to take your shit, let me see  
what you prepared to do  
Are you ready to go to war? Are you ready to shoot to  
kill?  
Are you really gon' man-up or bitch-up? Just tell the  
truth for real  
Are you ready to take a life, walk up to 'em and  
squeeze the trigger  
I don't think so cause you ain't built like that, so just be  
easy, nigga  
Cause you know you ain't 'bout no drama and you know  
that you really don't want it  
So stay the fuck out of the way when them trill-ass  
niggas is on it  
Dizze Ras and UGK, you know we stay connected  
Trill recognize trill, so just respect it and check it  
And tell me

[ Verse 3: Pimp C ]

Where the Benz and where the hoes?  
Candy niggas with candy clothes  
Where the cocaine? Where the o's?  
Where the SoundScan, where the shows?  
You's a pimp, bitch, where the track?

Where the diamonds and where the Lac  
You say that you that you in hot pursuit  
But I ain't never seen you with a prostitute  
I got everything I say  
Don't believe me, ask Lil' J  
On the West ask Ice-T  
Fuck good but my dick ain't free  
So hood I used to whip the d  
Patron and wood when im in the B  
Sweet Jones, Tony Snow, Percy Mack, Pimp C  
Bitch, I got a bunch of names  
Getting head in the H.O.V. lane  
Getting red, I let my nuts hang  
Wear a lot of red but it ain't no gang  
Chased by the feds but it ain't no thang  
I guess they think I still sell cocaine  
92 carrots in my chain  
Jumping out a red-candy thing  
Never snitch, never tell, get caught up, go back to jail  
Before I tell them hoes shit, fuck the law, they can eat  
my dick  
The main niggas that pop the trunk  
Go to the pen and get with them punks  
Then come home trying to act tough  
When they was up there getting fucked in the butt
