So much for my happy ending...
Oh,x7

Lets talk this over,
It's not like we're dead,
Was it something I did,
Was it something you said?
Don't leave me hanging,
In a city so dead,
Held up so high,
I'm such a breakable thread.

You were all the things I thought I knew
and I thought we could be...

You were everything, everything that I wanted
We were meant to be, suppose to be but we lost it
All of the memories, so close to me just fade away
All this time you were pretending,
So much for my happy ending.

Oh,x6

You've got your dumb friends,
I know what they say,
They tell you I'm difficult,
but so are they.
but they don't know me,
Do they even know you?
All the things you hide from me,
All the shit that you do.

You were all the things I thought I knew
and I thought we could be...

You were everything, everything that I wanted
We were meant to be, suppose to be, but we lost it
and all of the memories, so close to me just fade away
All this time you were pretending
So much for my happy ending

It's nice to know that you were there,

Thanks for acting like you cared
and making me feel like I was the only one.
It's nice to know we had it all,
Thanks for watching as I fall
and letting me know we were done.

He was everything, everything that I wanted
We were meant to be, suppose to be, but we lost it
all the memories, so close to me just fade away
All this time you were pretending
So much for my happy ending

"This Love"

I was so high I did not recognize
The fire burning in her eyes
The chaos that controlled my mind
Whispered goodbye and she got on a plane
Never to return again
But always in my heart

This love has taken its toll on me
She said Goodbye too many times before
And her heart is breaking in front of me
I have no choice cause I won't say goodbye anymore

I tried my best to feed her appetite
Keep her coming every night
So hard to keep her satisfied
Kept playing love like it was just a game
Pretending to feel the same
Then turn around and leave again

This love has taken its toll on me
She said Goodbye too many times before
And her heart is breaking in front of me
I have no choice cause I won't say goodbye anymore

I'll fix these broken things
Repair your broken wings
And make sure everything's alright
My pressure on your hips
Sinking my fingertips
Into every inch of you
Cause I know that's what you want me to do

This love has taken its toll on me
She said Goodbye too many times before
And her heart is breaking in front of me
I have no choice cause I won't say goodbye anymore

This love has taken its toll on me
She said Goodbye too many times before
And my heart is breaking in front of me
She said Goodbye too many times before

This love has taken its toll on me
She said Goodbye too many times before
And her heart is breaking in front of me
I have no choice cause I won't say goodbye anymore

She Will Be Loved"

Beauty queen of only eighteen
She had some trouble with herself
He was always there to help her
She always belonged to someone else

I drove for miles and miles
And wound up at your door
I've had you so many times but somehow
I want more

I don't mind spending everyday
Out on your corner in the pouring rain
Look for the girl with the broken smile
Ask her if she wants to stay awhile
And she will be loved
She will be loved

Tap on my window knock on my door
I want to make you feel beautiful
I know I tend to get so insecure
It doesn't matter anymore

It's not always rainbows and butterflies
It's compromise that moves us along
My heart is full and my door's always open
You can come anytime you want

I don't mind spending everyday
Out on your corner in the pouring rain
Look for the girl with the broken smile
Ask her if she wants to stay awhile
And she will be loved
She will be loved

I know where you hide
Alone in your car
Know all of the things that make you who you are
I know that goodbye means nothing at all
Comes back and begs me to catch her every time she

falls

Tap on my window knock on my door
I want to make you feel beautiful

I don't mind spending everyday
Out on your corner in the pouring rain
Look for the girl with the broken smile
Ask her if she wants to stay awhile
And she will be loved
And she will be loved
And she will be loved
And she will be loved
