Life's a circle and it spins me around
A broken record, always making the same sound
Time and time I get my hopes up
Just to find I only get let down

Like a season that refuses to change
A stubborn winter growing colder everyday
Give me something that can warm me up again
I swear to let it in

You're my something
You are my everything
You're the one that makes me feel alive
You end my suffering
You end my misery
You're the one that makes me feel alive

You can run, you can run, you can run away
I would find you and convince you to stay
You're the one who, who can warm me up again
I swear to let you in

You can run, you can run, you can run away
I would find you and convince you to stay
You're the one who, who can warm me up again
I swear to let you in

Like an ocean, I just keep making waves
You are my vessel with an anchor that will never stray
You're the one who, who can wake me up again

I swear to let you in

You're my something
You are my everything
You're the one that makes me feel alive
You end my suffering
You end my misery
You're the one that makes me feel alive

You can run, you can run, you can run away
I would find you and convince you to stay

You're the one who, who can warm me up again
I swear to let you in

You can run, you can run, you can run away
I would find you and convince you to stay
You're the one who, who can warm me up again
I swear to let you in

You can run, you can run, you can run away
I would find you and convince you to stay
You're the one who, who can warm me up again
I swear to let you in

You can run, you can run, you can run away
I would find you and convince you to stay
You're the one who, who can warm me up again
I swear to let you in
