I cross the line, before saying goodbye
the Blade break the walls of my life
that i've built with my hands
i'd see It's own distaster

I've watch my life
without Lovely eyes
Is this the end?

In this lying world

we're both in those verses
and we dont realize
all that is happening arround your fucking life
all that is happening..

Tonight i'll try to find scars in your life that i will..
Try to wash away and clean this lie.

In this deception I want clean this blood
without the sunlight upon our face we're alone
As ink in the soul this words inside my head...are killing
me.

i swear(chorus)

I hear that voice again
the grace will take my
heart(x2)
before the end..

Tonight i'll try to find scars in your life that i will..
Try to wash away and clean this lie.

always in the end...everything is born to die
to stay in front of this fear and the rain can't wash away
this sadness from my eyes and bury this lie.

Hopes has fades..sinking down in the sea.
And we'll be saved If you bring us away

from your boneyards..

from your Boneyards..

Tonight i'll try to find scars in your life that i will..
Try to wash away and clean this lie.(x3)
