Look!
You lived always for yourself.
You're hunting the reason
Or the meaning in your life.
See this lonely way
You are nothing
You have nothing
You have nothing save yourself
So you want me?
I won't give up on you.
You are almost everything of everything
At least of what I have seen
This is my disgrace
This is my new face
I will not forget
Oh no.
I want to show the way to not bleed again
You're at one step to the hole.
Stop now
Listen to these words
Oh, it's not
It's not too late for you
You're going where there's no return
So you want me?
I won't give up on you.
You are almost everything of everything
At least of what I have seen
This is my disgrace
This is my new face
I will not forget
You are wasting days sleeping consumed in a bed
In bed of shame
Bed of shame.
Do you breathe this lie?
Find the answers inside of you look outside
Look outside
