#### Verse 1:

They be like man why you always rap Â'bout women  
Well at a young age I seem toÂ've found another  
interest  
Say guys all be the assholes but the ladies play the  
tricks  
Now I never show emotion less I care about the chicks  
I always dressinÂ' well from the winter to the autumn  
If peter piper pepper picks the same them IÂ'ma pop  
em.  
And for the most part I be ballin Â'  
I'm the only kid at school in the hallways cat callinÂ'  
I always do it best  
Girlies getting tattoos of my name across they chest  
If thereÂ's one thing that I know it's that nobody do it  
better  
She staring at me all the time I want and IÂ'ma get her.

Chorus: Yeah you get it then you got em  
If you donÂ't go and get it split them brothas like an  
atom  
YouÂ've been gone for so long she pulled you in I think  
I found him  
He was drowninÂ' in his stress pourinÂ' out him like a  
fountain  
(X4)

#### Verse 2:

I love how the man has to do everything  
Man I'd love it if a girl started talking to me  
But the ladies they be sayinÂ' the exact same thing  
Men can't give birth, make dinner, go round and clean.  
I put so much work in so I can treat people well  
They all in it to win it they only care for themselves  
I did my part all the other selfish bastards goodbye  
Only cared when I was there and when IÂ'm gone I  
could die  
I see it I saw future was sold and I bought it  
Still lookin cold and I caught up my lyrics fightinÂ' I

fought it  
She pulled you in and I found him see you was sittin'Â'  
there drownin'Â'  
Stress pourin'Â' out ya man I see you look like a  
fountain

Chorus (Until Fade out)
