This is my story about
Living life inside out
Every word is so real
But I'm here I'm alive

I saw the world pass me by
I lived inside and I cried
I thought I rather would die
But I'm here I'm alive

I can't describe this, no
I'm feelin' so high, cause
My life is back now
Breathe, I am here I'm alive
Breathe, I am here I'm alive

Said I'm ok I'm alright
When I was in a hell of a fight
Wanted to live day and night
But I'm here I'm alive

Today I'm sittin' right here
And now my life is so real
With love and strength and no fear
I am here I'm alive

I can't describe this, no
I'm feelin' so high, cause
My life is back now
Breathe, I am here I'm alive
Breathe, I am here I'm alive
Breathe, I am here I'm alive
