I set out tonight  
set out to find you.  
I set out tonight  
set to find the crime in your eyes.  
For you are mine  
and I am your..  
I am your hero.  
I am your angel.  
I set out tonight  
I'm right behind you.  
I'll be your guide  
through have troubles I'll find you.  
Wherever you are  
never to far away.  
Wherever you are  
Just say my name.  
So take my hand and  
(And)  
Walk with me.  
Take my hand and  
Talk with me forever.  
(Forever)  
You are mine forever.  
You are mine forever.  
So take my hand  
and walk with me.  
Take my hand and  
talk with me forever.  
(Forever)  
You are mine forever.  
You are mine forever.
