(Jimi Hendrix: Rain all day)(2X)

(Q-Tip: Don't you worry)

Q-Tip:

All I wanna do is get down y'all

Have a ball y'all and freak freak y'all

Lifeless ventures ain't new boo

So don't boo hoo, yeah, you too

Gotta get a grip like culture

Swoop down, swoop down like a vulture

The rhythms will lurk into people

All funk ain't created equal

Lookin for the beat to rupture

Like the rapture, gotta capture

Don't let the storm of life scare ya

Get funky, let me prepare ya

For the days of grimness and oppression

A yo bro, here's your lesson

Even though the rain starts pourin

Start reachin, start soarin

Don't stop, if you do, you're stallin

Rhythm savior, hear ya callin

Instrumental to be freaky

Go ahead in the rain and you'll see

Q-Tip:

Can't we make you see

I mean, the fact that is the key, I mean

Devoted to the art of movin butts, so get on up and...

Think about what's yours

I mean your culture and your laws

I mean, I label you a sucka

If you're dumber, just stay dumber, but...

Stay in line and keep groovin

If it's movin, if it's soothin

Don't let a little thing like rain keep you unda

Or the fun-da, look at wonda

Stomp til your soul is lifted

Get with it, rhythm's with it

Get inside the groove and get nasty

Funky nasty, crazy classy

Money is a first on the list here

It's the good time, it's the good cheer

If you got the ride then ride it
Don't hide it, provide it
Drop, drop, drop down the pants, shake your fanny
Cuz it's handy, not an Annie
Rock to the roll with the hair down
Get the lowdown, rhythm showdown
The simple explanation is nada
Make it hotter, thanks, de nada
If you wanna hear what I'm sayin
Clean your ears and just come on and groove
