#### Healing Roots

Box up your love and  
Send it on a boat across the ocean  
Love your mind  
Keep your smile and your soul strong

And donâ€™t be lost  
In this wild world we love to live in  
Follow your soul, and  
See what the future gives

Take your time  
Watch the waves as they come crashing  
But donâ€™t be far  
You know a shoulderâ€™s made for resting

Lend out your hand  
An empty one is cold and lonely  
But live your life  
Live it well and live it slowly

Chorus:  
Let love satisfy your soul  
Surround yourself with good people and  
Hold tough, till the spring time comes  
Find your strength in the morning sun  
Live on!..... live on (x2)

Watch the sky  
The moonlight will lead us home  
The stars above  
Will let us know that we are not alone

And open minds  
Shall supplement the things we know  
Our own two hands  
Can greet the world and help our children grow

Lay close,  
Dream deep and trouble free

Relax the mind  
The morning will bring the best of things

And hold on true  
By these morning skies so blue  
Weâ€™ ll sturdy up our souls and push on through

Chorus
