As we lay beneath the sun,
The light it falls and pours its love upon
Everything and everyone
Restoring us, returning us to One.

And so we lay beneath the moon
All it's light can never seem to come too soon
Because on this boat weâ€™re all the same
Just trying to shake these shackles chained by pain
And trying to find welfare which sustains

Lokah Samastah Sukhino Bhavantu
Lokah Samastah Sukhino Bhavantu
Lokah Samastah Sukhino Bhavantu
Lokah Samastah Sukhino Bhavantu

You know the stillness never lies
Only love and fear are here left to arise
But only one cannot remain
Before the sun, where only light can reign

And so united with the sun
We return to the very love we all came from
And send it out beyond the seas
Where the Universe returns what weâ€™ve received
Where shackles are undone and we are set free
