Sister I know
That you know what love can hold
That you know the sun had told
Us not to fade

Sister I see
That you are an ocean melody
Your waves and my soul in harmony
Yea.

Chorus:
And so
Our curtains fall
This love is all
That can remain

And so we lay
Two souls, one sway
One love to stay
To stay

Yea sister we know
This is our own garden to grow
To bloom as the moonlight's sinking low to blossom
In the sky

So sister we'll rise
Harmonizing with the Universe's tide
Love is the vibration, Most High
For us to choose

CHORUS

Bridge:
What will be, has always been, and will remain
Though this and that will come and go just like the rain
Just ask the stars who's birth and death allowed our
names
It's all the same, beyond our names, we're all
the same

CHORUS
