Jãi saã dessa casa
Dessa vez nãfo vou voltar
A porta jãi fechou
A brisa boa ta no ar

Com vocã eu vou sentar
Na ãirea e aprender a amar
E a saudar o mar
Saã da casa e cheguei ao lar

Slow, slow, slow, let go
Make yourself comfortable
Your walls were caving in, I'm told
At your old house

But now we're here
Finally finding love beneath our fear
The waves flow out, I pull you near
It seems that we've arrived
Arrived, arrived

CHORUS:
I grabbed the cornerstone
Left the house on its own
Crumbling to the bone
Your love is home
Your love is home

Yea I grabbed the cornerstone
Left the house all alone
From the heart to the bone
Your love is home
Your love is home

So, so, so, we know
It wasn't so long ago
Our hearts were windows frozen closed
Closed beneath the sun

But through the cracks
All the light would sneak it's way on past

And scatter down onto the floor
Leaving us wanting more
And more and more and more

BRIDGE:

Yes this new home
Was built by our very own
Sturdy, sturdy, sturdy, sturdy love
