

As I Lay Dying "Empty Hearts"

Visit "[Empty Hearts](#)" on MotoLyrics.com

I've watched them build
Upon these empty hearts

I've watched them build
Upon these empty hearts
False hopes of lossless paradise
Gathering together

The dead hearts beat as one
Stillborn comfort feeding lies
Through answers of self denial
Divided between a dissolute self
And the sorrow of sincere devotion
Devotion

What is it that you find peace in now?
Where is your hope in this dark night?

What is it that you find peace in now?
Where is your hope in this dark night?
