

As I Lay Dying "Meaning In Tragedy"

Visit "[Meaning In Tragedy](#)" on MotoLyrics.com

I have traveled so far to find
So little meaning in tragedy
Or tragedy, in the search for the meaning
Dark clouds have lead me here, here

Confined freedom, guides us to secure, security
What if everything I have been taught is a lie
And all of my teachers
Have been wrong this whole time

Compelling us to fight
The battles they would not
They have already won
We already lost, we already lost

If we do not learn from their mistakes
We have, we have already lost

[Incomprehensible]
If we don't learn to change
