

As I Lay Dying "Repeating Yesterday"

Visit "[Repeating Yesterday](#)" on MotoLyrics.com

this is what i am
this is what i have become
(repeating yesterday
drain me of my very essence
to form again what lasts
this is what i am
this is what i have become
repeating yesterday
drain me of my very essence)

this is what i am
this is what i have become
what is love without (what is love) sacrifice
what is love without (sacrifice)
my tears hold no weight
if my commitment, is only failure
is only (failure)
repeat yesterday
each day i am born again to be (again to be)
a child in the eyes of love
repeating yesterday
drain me of my very essence
to form again what lasts
