

A Vain Attempt "But A Memory"

You're time is out it's gone
You can't prepare this now
This time there's no return
There will be redemption

The bridge that you've been wandering on is burned
Burned to the ground
I couldn't take the truth these memories
That you've built right before my eyes and

I won't become sorrowed
Let me run away from her (away from here)
Vision's not an option for me and breakup is shit
(breakup is shit)
Listen to this now I want it all to be unknown (to be
unknown)
Every second everyday cause look at you you made but
a memory

Just tilt the hourglass
And time has come to pass
I disapprove your actions
And how you bring me to an end
The pace is freezing from all that you can last
Flowing to fast

I couldn't take the truth these memories
That you've built right before my eyes and

I won't become sorrowed let me run away from here
(away from here)
Vision's not an option for me and breakup is shit
(breakup is shit)
Listen to this now I want it all to be unknown (to be
unknown)
Every second every day cause look at you you make
but a memory

YOUR MISSION'S TO MAKE ME!

And I won't become sorrowed let me run away from
here

(Away from here)
Visions not an option for me and breakup is shit
(Breakup is shit)
Listen to this know I want it all to be unknown (to be
unknown)
Every second everyday cause look at you you make but
a memory

I WILL NEVER KNOW!

AAHHH!
