The warm breeze,
Another day,
I feel the sun above my head,
I ask god,
"Why am I here and where is all the end?"
He smiles back and tells me,
"Son don't you know you're on your own and where you
go is up to you,
you better find yourself a home"

And all the days I live my life,
And all the days Ive grew
Im just a sad sad soul waiting for the world to let me in

I listen for the sound of peace but it's nowhere to be
found
I hear the voice inside me saying,
"You better slow it down
Cuz your lifes too fast
Your loves too much
Yeah. youre dying to survive
Dont give up Im getting back the things you'll never
have"

And all the days i live my life
And all the days Ive grown
Im just a sad sad soul waiting for hte world to let me in

And all the days Ive lived my life
And all the days Ive cried
Im just a sad sad soul waiting for the
world to let me in

Pray for me

Pray for me

Pray for me

I said pray for me

Pray for me

A warm breeze another day and the moon is on the rise
I've found god,
I've found my way,
I see you in the end

All the days I live my life
And all the days Ive cried
Im just a sad sad soul waiting for the world to let me in

And all the days ive lived my life
And all the days Ive cried
Im just a sad sad soul,
Waiting for the world to let me go,
Let me go
